Stessy M releases “Sur le fil”, a radiant pop single blending emotion and hope

A song about balance, dreams, and the strength to keep moving forward without ever losing the thread.

Through her music, Stessy M transforms personal emotions into universal messages of love, freedom, and hope.

Singer-songwriter, performer, and musician, Stessy M returns with “Sur le fil”, a bright new single opening a new chapter in her artistic journey.

Written by French author Jean-Michel Bartnicki and composed and performed by Stessy M, this pop track blending French chanson influences with Latin pop sounds tells a deeply human story: moving through life with confidence, finding balance, and continuing to believe in dreams despite uncertainty.

Through the metaphor of a tightrope walker moving along the thread of life, Stessy M reveals a song filled with courage and freedom.

With its guitars, uplifting rhythms, and warm vocal harmonies, “Sur le fil” combines a radiant energy with genuine emotion.

The track perfectly reflects Stessy M's musical identity: an accessible and positive pop sound, somewhere between French chanson and international influences, created to bring people together beyond borders.

The song highlights an artist who chooses sincerity as her guiding thread.

Without unnecessary artifice, she shares her emotions and delivers a universal message: "creating connections", "spreading love", and bringing hope through music.

Born from a world shaped by her French Portuguese roots and international influences, Stessy M has been building for several years a repertoire where sunny melodies, meaningful lyrics, and cultural openness come together.

She sings in French, English, Portuguese, and Spanish with a clear ambition: creating music that travels and brings people together.

Her journey has already been marked by several acclaimed projects. Her single "[Pardonne-moi](#)", an intimate piano-vocal track, reached an international audience, particularly in Latin America, and was also featured on PureCharts France.

Her debut album "[New Beginning](#)", produced with musicians The Gatsbys and recorded between France, Germany, the United States, and the Philippines, reveals a

rich universe of ten original songs and led to several music videos, radio appearances, interviews, and live performances in France and abroad.

Stessy M then continued developing her international pop sound through projects such as “[Like a Love Song](#)” with Mello D.Lane, broadcast in more than 115 countries, as well as “[Porcelaine](#)” with The Pantheon Project.

In 2025 and 2026, the artist enters a new era with several concerts in Paris, appearances at festivals in France and Portugal, and new projects built around powerful themes of confidence, femininity, and hope.

With “Sur le fil”, Stessy M also announces the upcoming release of a new album filled with love, sunshine, and sincerity, featuring original songs and collaborations including “Rêveuse”, “Bats-toi”, “Amor verdadero” and “Brighter than before”.

After reaching more than 200,000 Spotify streams and building an international listener community, Stessy M continues her journey with one simple intention:

“I want to share happiness, musically, with the world”

“Sur le fil” will be released in June 2026 on all streaming platforms
